

What is Muslim Reform?

Muslim Reform is where
philosophy and scholarship blend
with love
for an Intelligence greater than
holy men and holy books.”
- Shireen Qudosi

Muslim reform, or Islamic reform, is personal to many reformers. While most modern reformers advocate for progressive values in keeping with Universal Human Rights, many of us prioritize reform uniquely. For me, Muslim Reform is where philosophy and scholarship blend with love for an Intelligence greater than holy men and holy books.
