

Savage. Islam's Origin Story.

In a few weeks, I'm launching an exclusive pre-release of my first book. Supporters get access to the preface, introduction, and two chapters of my first book. If you'd like to get access, please pledge your support and share your email:

I'm also in need of a literary agent & publisher for a long-term relationship. I've got at least 2-3 more books in the pipeline rather quickly thereafter. This first one has been a beast. My last agent was wonderful but sadly passed away a few years ago before this work could be completed. If you are an agent/publisher or can recommend someone, please contact me at editor (at) muslimreformers.com
